Hi Nancy and Kate

Attached is an updated draft Class III permit for the Gunnison project. Jim made some changes to the text based on the updated permit application and added to the recommended content of the appendices in the Table of Contents.

Two versions are attached: one with all of the changes to the June 9 draft tracked and one clean version.

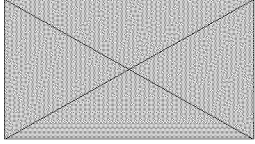

Ex. 5 - Deliberative Process

Please let Jim or me know if you have any questions; this draft is a work-in-progress, but will provide a basis for discussion about next steps.
